YOUR WEDDING DAY

By MARY MARSHALL,

April 29-John Gibson Lockhart and Sophia Scott.

(Copyright, 1996.) very one who admires the works of Walter Scott knows the name of his blographer, John Gibson Lockhart, but it is not every one who knows that Lockhart became the recorder of the life of the great Scotch author through his marriage with Sir Waleldest daughter, Sophia.

In his diary Scott wrote: "Lockhart is Lockhart, to whom I can most willingly confide the happiness of the daughter who chose him and whom he has chosen." Perhaps in the felicity of these two young people he saw real-ized the dream of youthful love accomplished that did not come true in his

own youth.

But in spite of this happiness he mourned the departure of his daughter and in his diary we read these brief words: "On Friday evening, I gave Sophie to Mr. Lockhart. I own my house seems lonely to me since she left us, but that is a natural feeling which will seen weeks of seed." ane left us, but that is a natural reci-ing which will soon wear off," and then he went on to say that notwith-standing this conviction there went humming through his brain all day the lines of the old Scotch ballad, "Ah me, the flower and blossom of my

house, The wind has blown away to other

Lockhart tells of the happy union with characteristic modesty. "About Lockhart tells of the happy union with characteristic modesty. "About the middle of February," he writes, "it having been ere that time arranged that I should marry his daughter in the course of the spring, Scott began to make plans for the wedding." And later Lockhart tells how Sir Walter came hack to Edinburgh late in April. came back to Edinburgh late in April, "and on the twenty-sixth of that month he gave me the hand of his daughter Sophia." The wedding, after the Scotch fashion, took place in the vening and afterward Sir Walter gave "a jolly supper" to all the friends and connections of the young couple.

A beautiful tribute to Sophia is found in Lockhart's Life of the great novelist: "Scott's eldest daughter, the one of all his children who in countenance, mind and manners most resembled himself and who indeed was as like him in all things as a gentle-minded woman can ever be to a great man deeply tried and skilled in the troubles and perplexities of active

The Lockharts settled in the little cottage of Chiefswood on Scott's estate, and it was there that the poet and novelist spent many of the hap-plest hours of his life, and there that the growing family of Lockharts spent their early days. After seventeen short years of rare happiness, Sophia Scott Lockhart died and with her seemed to die forever Lockhart's happiness. He had always been a man of reserve and impenetrable pride. He was charming, even fascinating, to those who came in daily contact with him, but with strangers he was distant and even unfriendly. With the death of his wife and eldest son, followed later by the estrangement of two other children, the once happy man, who loved children with the tenderness of a woman, gradually descended into a quagmire of un
